[RUSH] MESSAGE:

Please verify in PCT/US02/07923 is continuing data or foreign priority. If continuing data, please provide relationship (Con Div, AP) and make corrections to specification and palm.

Thank you

[XRUSH] RESPONSE: It is foreign priority, as indicated in the Oath filed on 6/3/2002.

The specification has been corrected to indicate this. Our LIE sent a message to OIPE Customer Service to make correction to PALM, because the foreign priority doesn't show in the Application data. I cannot do anything else to correct PALM. Bib sheet acknowledging foreign priority is also attached for scanning.

INITIALS: JB

NOTE: This form will be included as part of the official USPTO record, with the Response document coded as XRUSH.
